an 11 – 18 selective school with academy status

Headteacher: Mr R J Blyghton

4<sup>th</sup> March 2025

Dear Parents/Carers of Year 13,

## **Student Finance Information**

An important part of applying to university is securing funding for the course fees and to apply for a maintenance loan. Once students have completed their part of the application you will most likely be contacted to submit information to support that application.

Students applying for courses beginning September this year, can apply for student finance from mid-March, they have not released an official date yet. The deadline for applying is 9 months after the first day of the academic year of the course beginning. However, we recommend students apply sooner as they might get less money than expected if they apply close to the start of their course or after it has started.

Additionally, there is a range of additional support available for students that may struggle financially. This includes but is not limited to grants, scholarships, bursaries, hardship funds and awards. These are funds that don't need to be paid back.
