Topic 1: My studies

Topic 2: Life at school/college

Topic 3: Education post-16

Topic 4: Jobs, career choices and ambitions

Resources

ActiveLearn and Kerboodle coursebooks:

Ensure that your log on for these books is working. Let your teacher know immediately if you are unable to log on. You should revise from each module of the book across all three themes. Pick a random number and go to that page! Pick a random topic and revise it from the list of themes and topics on the previous page. There is a big section on Grammar in the Activelearn and Kerboodle books – revise all tenses.

Memrise courses:

You should revise across all three themes from the Activelearn memrise courses on your Y11 class group – **GCSE 1-8 will cover all three themes**. Teachers will make available, on Teams class materials, the Kerboodle links you used during Year 10.

There is a course for **key verbs** in French, German and Spanish – these are on your class groups. There is a course for **Steps to Success** in French, German and Spanish – these are on your class groups.

Writing week materials and green book work:

During Y10 and Y11, you practised verb drilling, vocab and sentence writing. The PowerPoint materials for the writing weeks are available on your Teams groups under 'class materials'.

Revision and Grammar & Translation workbooks: Practice materials

In October, parents were advised to buy these books and students were provided with a planner to work through the exercises. Reminds were also sent to parents via email. Students have been using these workbooks to supplement their learning independently. Copies of these workbooks were provided to students who were entitled to funding for this. Students should work through the exercises in these workbooks little and often. They are divided into Themed sections (Revision workbook) and Grammar exercises (Grammar & Translation workbooks). The letter that was originally sent to parents can be found on your class in Teams under 'class materials'.

Interactive exercises on ActiveLearn: Practice materials

You will find tasks on interactive tasks on ActiveLearn on a wide variety of themes and topics. Work your way through these little and often to keep practising.
